### Reviews

“A profound fictional portrayal of Palestinian life and struggle.”

– Sam Bahour, ePalestine

“Fugitive Dreams whisks us along the streets and hills of Palestine, giving a glimpse of an occupied childhood witnessing an Intifada against a military power.”

– This Week in Palestine

“I was engaged from the start of the book and had to see how it would end, even in a world where there is no end in sight. Hanhan's suggestions toward the end would serve all of us, no matter what your challenges may be. I recommend this read to all who want to understand and honor all of the 'others' who people this Earth.”

– Ned Tillman, Author of *The Big Melt* and *Saving the Places We Love*

“*Fugitive Dreams* is one of the few books that would make a compelling read even for those of us very familiar with the question of Palestine. ... I highly recommend Hanhan’s debut literary project.”

– Jareer Kassis, *Mondoweiss*

“A scream that comes from the mouths of an entire generation. ... This book is full of shocking, poignant, and sublime moments, and it is delightfully fascinating, vividly evocative, and emotionally honest throughout.”

– *The Bookish Elf*
